The favorite game in Roumania is freezing out kings. Kings, especially if there be three or four of them are difficult to freeze out in this country.

Italy has once more declined to take any official part in the World's Fair. This time in a letter to a committee of Americanized Italians which has tried its persuasive powers in a resolution of invitation to the Italian government asking that it co-operate with the committee in seeing that Italy was properly represented at the Fair.

Although the recent New York republican convention was controlled by Boss Platt it did not entirely neglect ex Senator Miller, Platt's one time rival, as it put a plank in its platform endorsing his Nicaragua canal scheme although it is a difficult matter to understand the connection between the Nicaragua canal scheme and New York politics.

Fred. Douglass having lost his of foe, and seeing no chance to get another one, announces his withdrawal from politics, just as his white brothers have done under similar circumstances. Who says the negro is not advancing.

This administration believes in shouting for civil service reform while it winks at the open violation of the law in behalf of its friends by Federal officials.

The Russian bear seems to be engaged in toning up his appetite preparatory to devouring Turkey, with or without the consent of the rest of Europe. Upon several occasions in the past when the conditions were such as they are now the British lion has stepped between the bear and his proposed victim just in time. Will he do so again? is now the question of questions with those deeply interested in European affairs.

Willie Waldorf Astor, of New York, who since his failure to buy a seat in the House of Representatives has spent the greater part of his time regretting that he was born in America, and not in some country where his immense wealth would enable him to purchase a place in the ranks of the nobility, has, in an effort to remedy that defect, renounced America as a residence and gone to Europe to live. America can stand it if Europe can.

W. B. Tascott the alleged Chicago murderer has been found again. This time he was a tramp in South Carolina and was arrested upon information furnished by another tramp who claimed to be a detective. The two tramps will probably be well fed until the Chicago officers have visited them and pronounced them frauds, then the matter will quiet down until another Tascott is found. There is an average of about three months time between the findings, and no section of the country has been slighted.

The vacation season being about over the administration has returned to Washington to continue its hard work in behalf of the nomination and election of Mr. Benjamin Harrison for a second term. They are all at work except Mr. Blaine and he is expected soon, and Secretary Proctor who is taking his last opportunity of a pleasure jaunt at the expense of the people by going on an "inspection tour" of the Western Military posts, but he has spent so little time in Washington since he became a member of the cabinet that his absence doesn't count.

A CORRESPONDENT writes to us from Pocahontas county says: "Old Pocahontas has begun to come to the front. There are now being laid off a big town at Marlinton, the junction of the C. & O. and the Pittsburg and West Virginia railroads. The lots are being laid off by Capt. Oscar A. Veezy, civil engineer, assisted by two other competent engineers. The lots are now on the market. There will be a bank under headway soon, known as the bank of Pocahontas. A proposition is before the voters to move the Court house from Huntersville to Marlinton. Our old Court house has been condemned, and as we will have to build a new one, let us accept Col. John T. McGraw's proposition, which is \$5,000 in money and two and a half acres of ground for a site, provided the Court house be moved to Marlinton."—Greenbrier Independent.

We would judge from the above article that the Independent's correspondent has never been in Pocahontas county nor does he know anything about it whatever. He says Marlinton is the junction of the C. & O. and W. Va. & Pittsburg railroads. We are extremely sorry that when he says this he is quite largely mistaken. Not a mile of either of the roads he mentions nor any other railroad, except a few tram roads for lumber purposes, has ever been built in the county. Our nearest point to any railroad station is about 30 miles. Marlinton is the proposed junction of the two roads, when they are built, which we hope will not be far off, but we are also sorry to say that railroad corporations are very, very, very privileged, only building their roads when it suits them and when it suits them.

Also he says the Court-house at this place has been condemned and that we will have to have a new one. We are pleased to correct the said correspondent here. It has never been condemned, and that we have a better Court-house than several of the larger counties of our own State and as good, as we know of in counties of 35,000 inhabitants, and an assessed valuation of property six or more times greater than our County.

We are always pleased to see newspaper articles of a complimentary character of our county but never anything that is calculated to mislead any one.
